PASTOR'S PERSPECTIVE:

Greetings everyone! Well we had another great week in our FEARLESS church wide study. Once again a number of you have expressed to me what these sermons are meaning to you and how you are being helped to overcome your fears. It is always encouraging to me as a pastor to hear that God's word is working in your lives. I guess it helps with my own fears of insignificance 😊.

This week we will be exploring a fear that I am convinced many are living with both inside and outside the church. It is the fear of disappointing God, the fear of feeling that we have reached the end of God's rope and that His grace and mercy have run out for us. In this week's sermon I am going to divert from the scripture reference that Max Lucado uses in his book and we will be looking at the woman at the well from John 4. When it comes to this fear of disappointing God I think we all need to be reminded that second chances are available to all of us no matter who we are or what we might have done. God is in the business of wiping away the past and giving us a brand new beginning. I hope you will be planning to be with us for this week's message, as always I encourage your prayers for me as I continue to prepare to share this message Sunday.

On Sunday, October 25th Pastor Mike Shipman will be preaching in my absence, he will be speaking on the fear of death. I am sure that you will enjoy hearing what pastor Mike has to say on this topic. I will be enjoying a week's vacation up at my mothers.

See You Sunday!

FEARLESS IS HERE

FEARLESS: Imagine Your Life Without fear

On **Sunday, October 4th** we began a 6 week Church Wide study using Max Lucado's new book "FEARLESS". Pastor Sheldon is preaching six sermons based on various chapters of this great book. There are also small groups which are studying the same chapters and discussing the implications upon our lives.

Don't miss out on this tremendous spiritual growth opportunity! We are asking for a donation of just \$10 to help cover some of the costs for these books and small group materials.

JUST A THOUGHT

What Do People Fear Most As They Age?

According to one study, death was #3.

#2 is running out of money.

#1 is insignificance.

(Bob Buford's My Next Book, Year 5, Chapter 15)

PS. An interesting survey in light of the sermon shared on Sunday, October 11, 2009
